[LINKEDIN](#)

Ken is a founding partner of the StrataFusion Group, Inc. and is a well-known information entrepreneur with over 30 years experience in the fields of technology services management, strategic technology and application products. Ken's expertise spans tier 1 & 2 enterprise applications, internet technology tools/applications, and complex project delivery environments.

EXPERIENCE

Recent engagements include interim COO for a software technology company and Program Manager for multi-year, multi-technology project at a major disc drive company. Formerly the Founder and CEO of Core Technology Group, Inc., he was responsible for the development of a world-class technology services organization that provided leading edge technology services to many of Silicon Valleys key companies. With a five-year growth rate of over 1100%, Core was an Inc. 500 award winner. Core was acquired by FutureNext Consulting and Ken held the dual roles of CTO and Senior VP of the Western Region. Prior to Core/FutureNext, Ken ran the IT organizations for NEC Electronics, USA and Imagic and was founder and CFO for Prime Circuit Technology.

EDUCATION

Ken is an active member of boards of directors and boards of advisors for technology companies. Ken holds a BS in Economics from the UC Davis.
