Mark Egan is a partner at StrataFusion Group, Inc. and has more than 25 years of information technology experience, with expertise in IT transformation, information security, and mergers & acquisitions. His extensive experience includes managing global IT organizations with over 1,200 employees, budgets in excess of \$350 million, and IT integration for over 60 mergers and acquisitions. Mark has been repeatedly recognized for his leadership and success in scaling IT organizations to support rapid growth companies.

EXPERIENCE

Prior to joining StrataFusion, Mark was a CIO at VMware where he led the company from a server virtualization vendor with \$2 billion in revenue to a \$5 billion market leader of cloud solutions. During his 6 years as CIO at Symantec, Marks leadership in IT was instrumental in supporting the companys transformation from \$600 million consumer software publisher to a \$5 billion market leader of enterprise security solutions. He held senior level positions with companies in a variety of industries, including Sun Microsystems, Price Waterhouse, and Wells Fargo Bank.

Mark is author of Executive Guide to Information Security: Threats, Challenges, and Solutions and was a contributing author of CIO Wisdom, CIO Perspectives, and CIOs Body of Knowledge. He is the founder of the CIO Development Program that mentors aspiring CIOs and president of the CISE Education Fund that raises money for underprivileged students to pursue technology degrees.

EDUCATION

Mark holds a masters degree in finance and international business from University of San Diego and a bachelors degree in computer sciences from University of Clarion. Mark developed and taught a graduate class, Building Business Value through IT Innovation, at the Haas School of Business at University of California at Berkeley.
